

# METAL FORMING SYSTEMS, INC.

## Oct 1st – Oct 3rd Training Schedule

### Day 1 – INTRODUCTION TO NAGFORM, NAGSIM.2D (Optional)

8am – 12pm

#### Basic NAGFORM Training

*Creating Part Model, Sequence Design Rules, Auto Sequence Design, Design Helper, Material and Machine Databases, DXF input and output*

12pm – 1pm

#### Lunch

1pm – 5pm

#### Basic NAGSIM.2D Training

*Use of templates, bringing in part and tool geometry from DXF, setting up various boundary conditions for metal flow and tool stresses, preparing Analysis File, performing simulation and looking in simulation results for defects, part cracking, tool stresses, tensile damage, load-stroke curve and grain flow)*

### Day 2 – NAGFORM EXAMPLES, ADVANCED LEVEL TRAINING

8am – 12pm

#### Advanced Training

*Sequence Design by Command, Smart Database and the new module of Auto Design of Tooling ( Design/Drafting of Tooling Components and Assemblies)*

12pm – 1pm

#### Lunch

1pm – 5pm

#### NAGFORM Examples

### Day 3 – NAGSIM EXAMPLES, ADVANCED LEVEL TRAINING

8am – 12pm

#### Advanced Training, Versions 1.7 Updates

*Advanced stress analysis of tooling, Custom Templates, Time dependent tool motions, and Sliding Tools*

12pm – 1pm

#### Lunch

1pm – 5pm

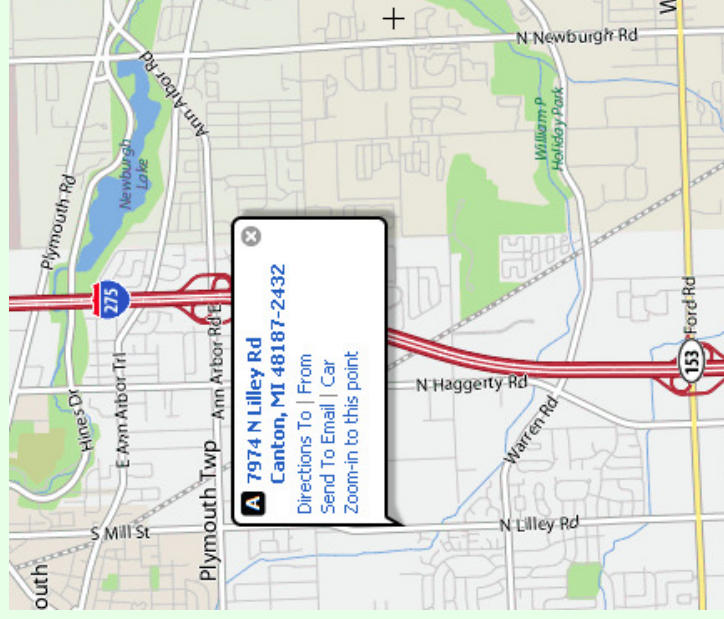

#### NAGSIM.2D Examples

### Contact us at:

Metal Forming Systems, Inc.  
7974 Lilley Road Canton MI -48187  
Tel – (734)981-8243  
Fax – (734)981-4438
